

## **Bike Valet Parking Attendants Needed – Part-Time Casual**

Do you like spending time outdoors, being around community events and talking about bicycles? If so, then this part-time job may be for you.

Bicycle Valet Kingston (BVK) is a social enterprise of Cycle Kingston, Inc. that offers a free and secure bicycle valet parking service to bicycle riders who attend community activities – such as festivals, concerts, exhibits, sporting events, and other such activities. People who ride to the event hand their bike to us, we give them a numbered claim stub, and we park their bicycle inside our fenced area. BVK encourages people to choose cycling as their way of getting to the event.

We're looking for friendly outgoing people to staff our valet parking at upcoming events. Tasks include greeting riders, checking-in and parking their bicycles, keep watch over the bicycles, and locating and returning bikes. Set-up and take-down bike racks, fencings, and other equipment may be required depending on shift. Staff are scheduled in two-hours shifts and multiple shifts are available. On the job training will be provided.

BVK event-based staff must have good communication skills, be able to interact well with others (co-workers, the public), be good observers, have the ability to move up to 20 kg objects, and be available to work primarily on weekends and some holidays.

For more information about this part-time casual employment opportunity, and to apply, please send an email with cover letter to Dominique at [bicyclevaletkingston@gmail.com](mailto:bicyclevaletkingston@gmail.com).
